ARKI-TECH

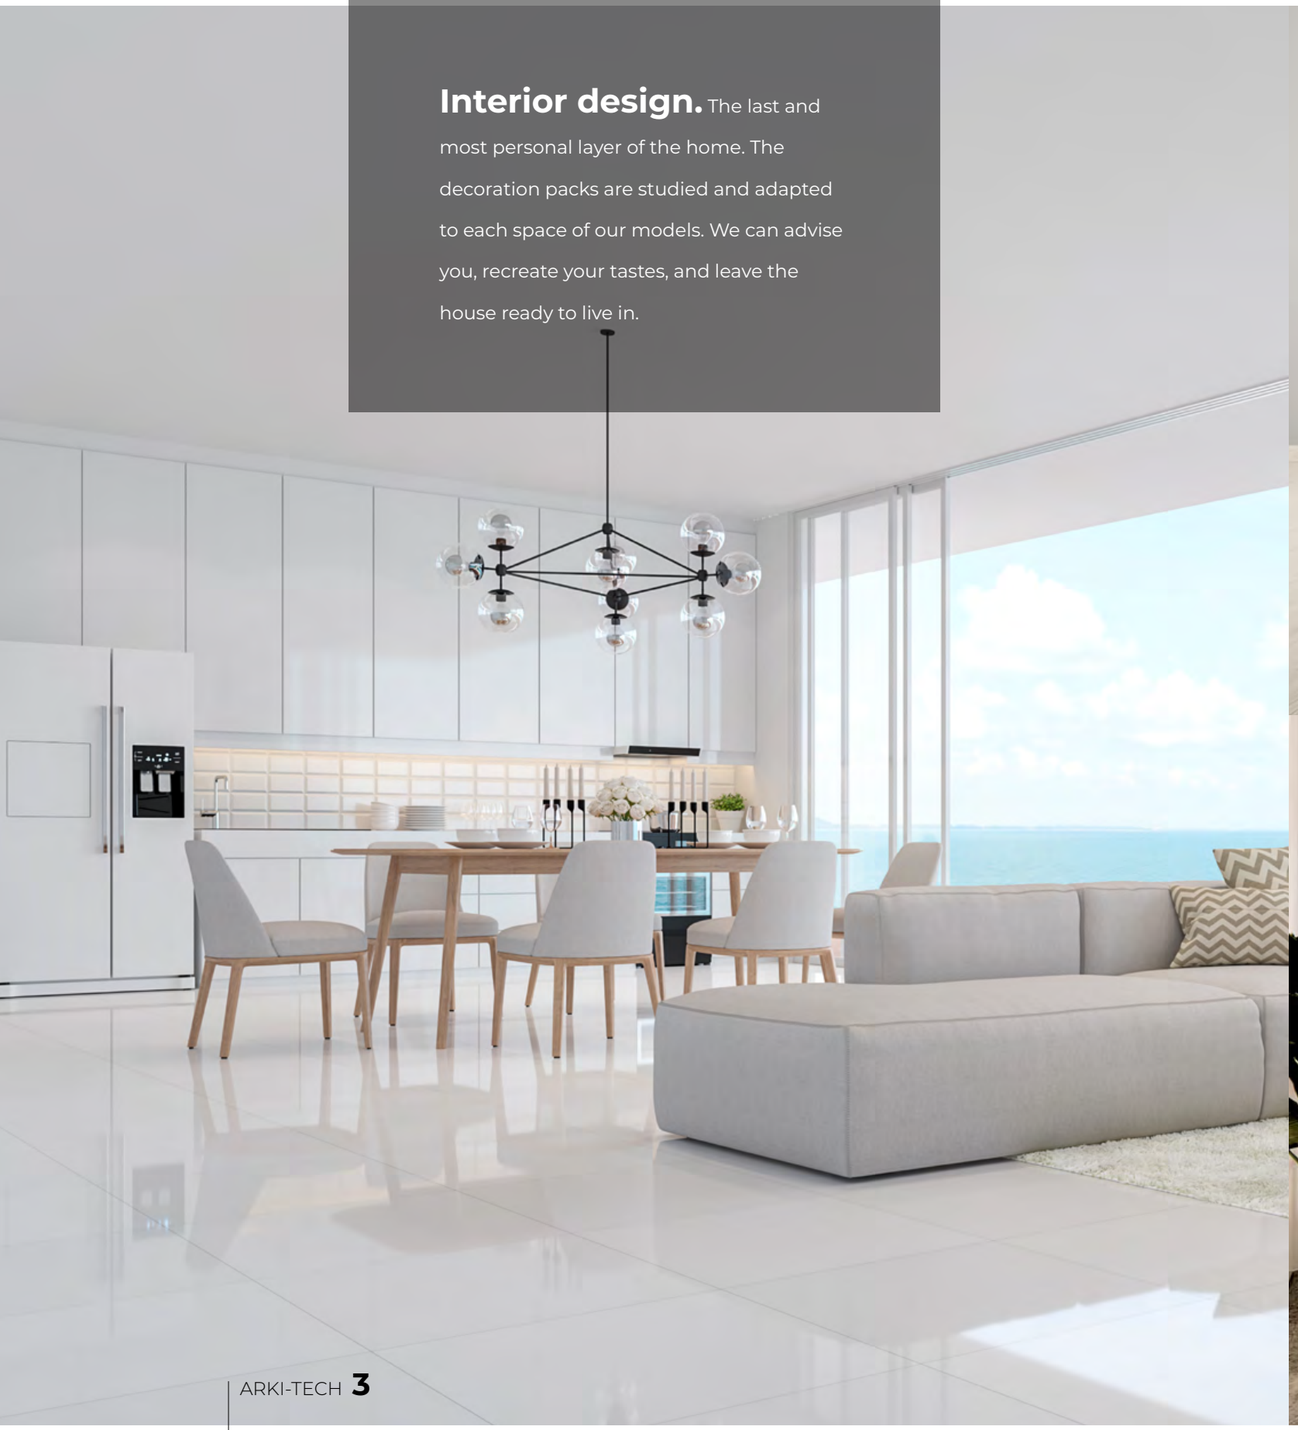
The

choice

to reach another level...

To complete the best dreams, we propose to include new spaces that generate moments to remember, that take the life experience one step further.

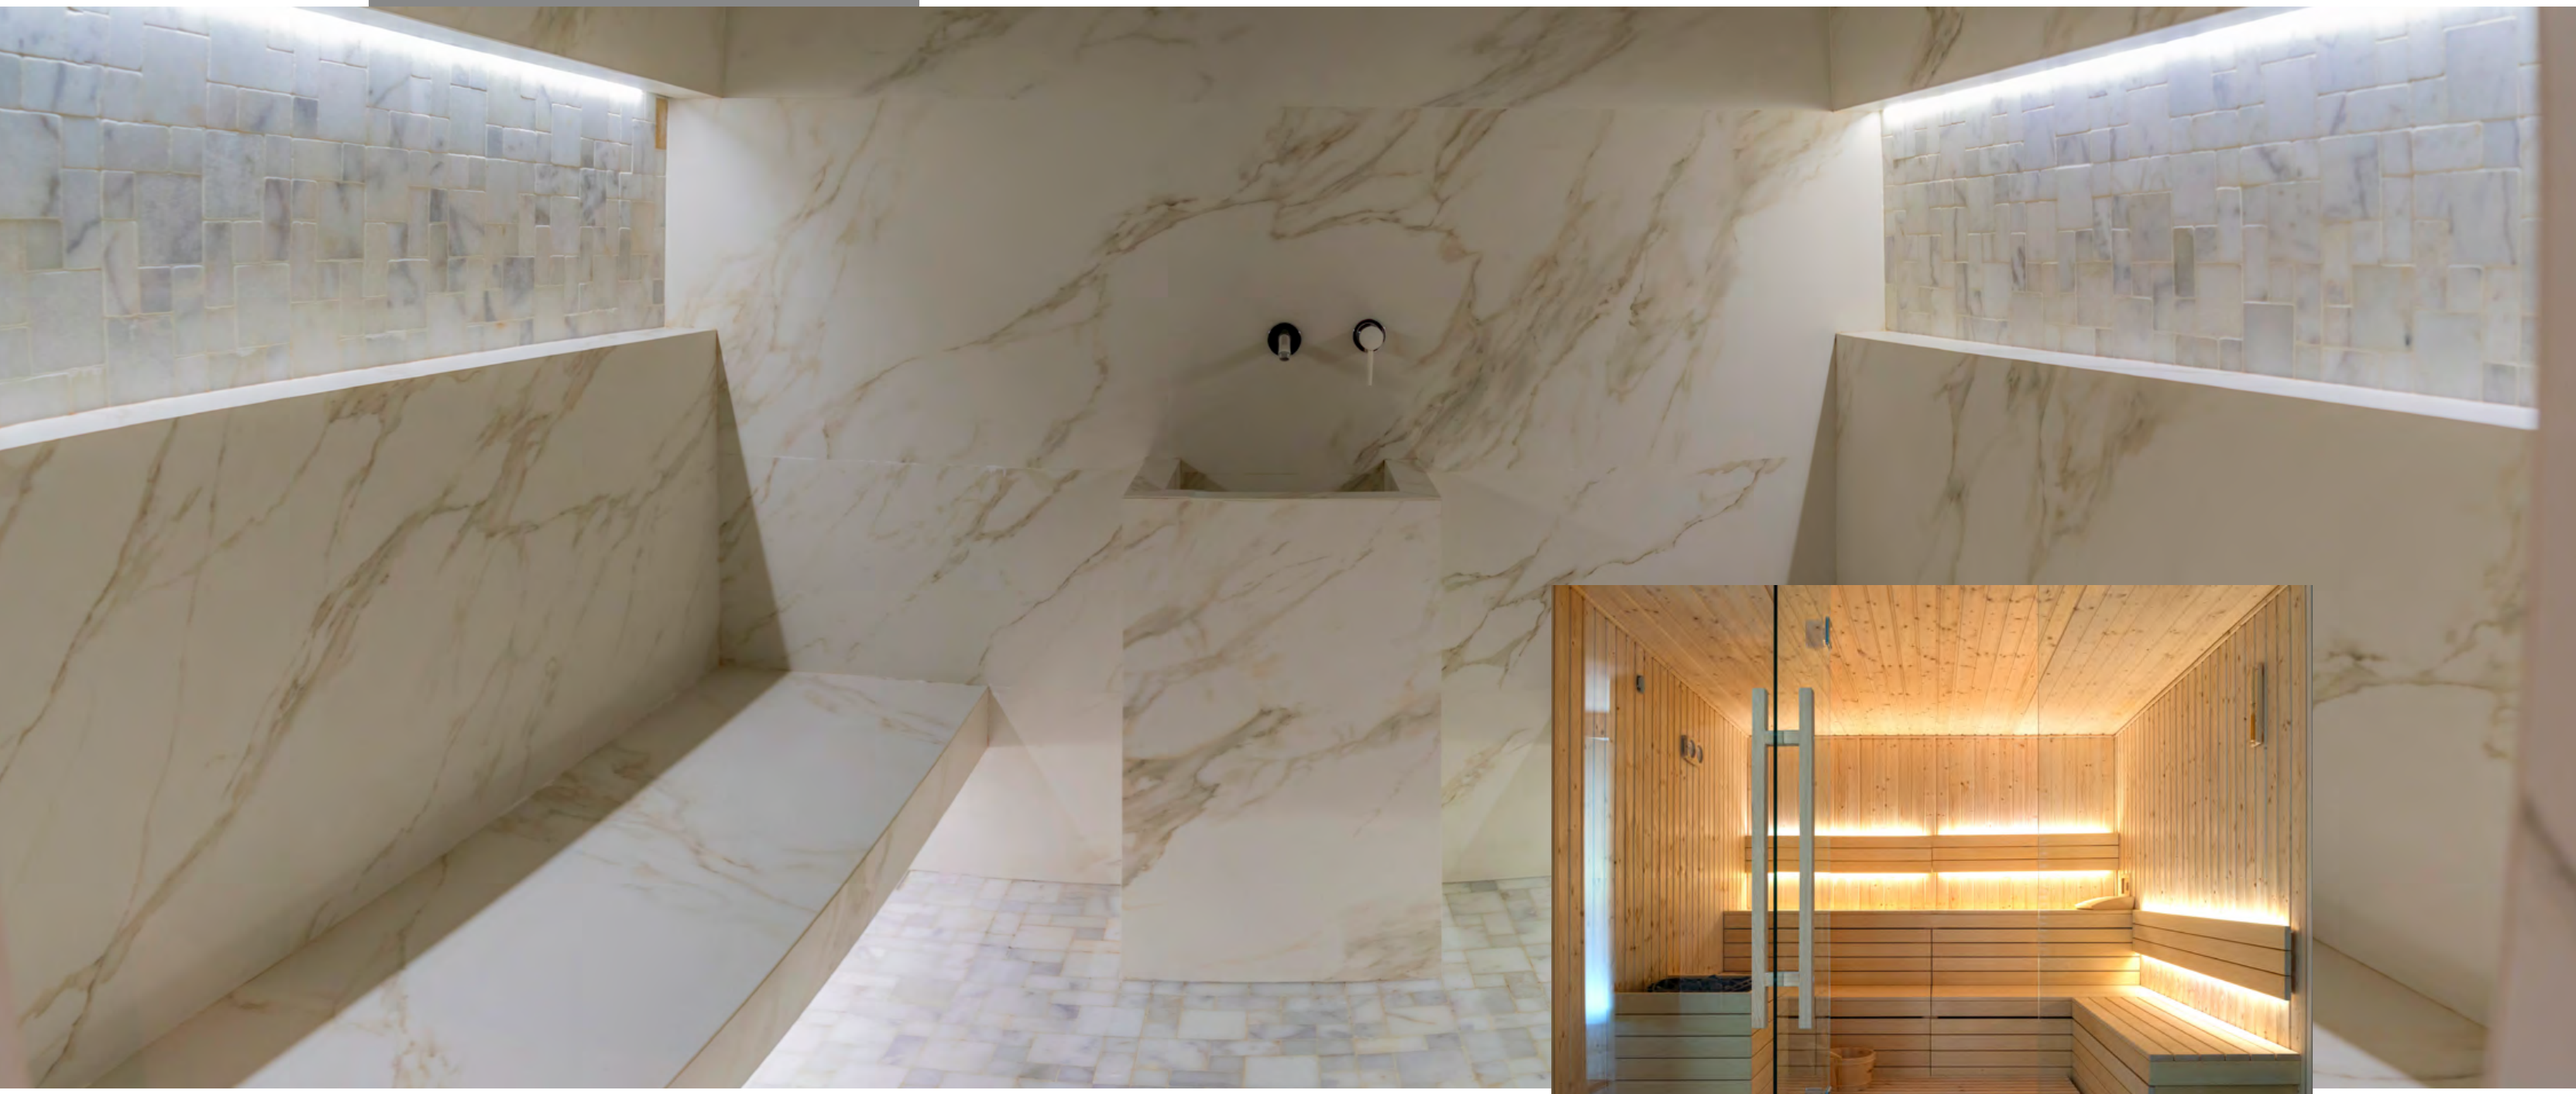
Interior design. The last and most personal layer of the home. The decoration packs are studied and adapted to each space of our models. We can advise you, recreate your tastes, and leave the house ready to live in.



Fireplace. Gas or traditional, home generator and good times in the company of family and friends.

Steam bath & sauna.

The SPA without leaving home, enjoy relaxing moments and healthy benefits.



Gym.

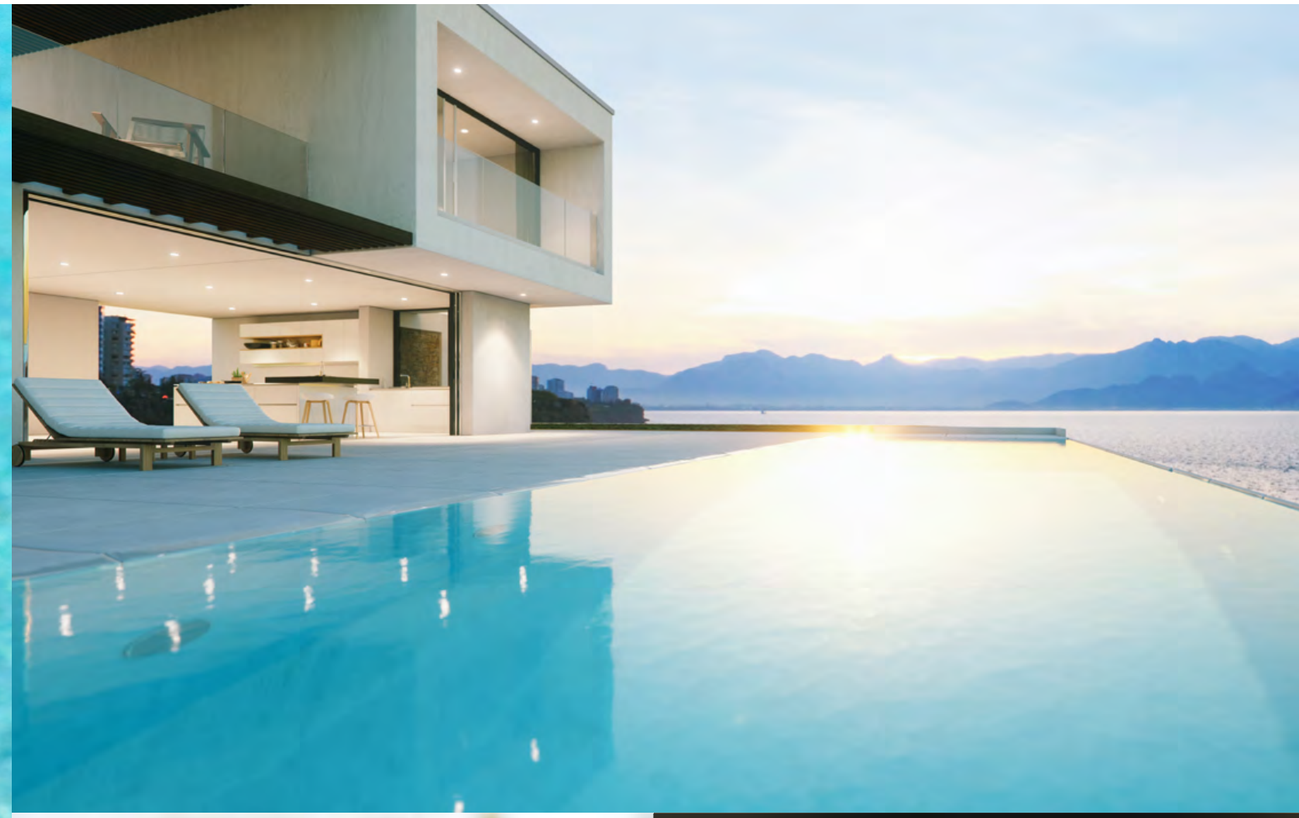
Cult of body & mind,

yoga, pilates, fitness,

feel good...

Swimming pool.

Integrated into the architecture, attached to the house, surrounding it. Exempt, with gradual entrance ramp. Infinity, with LED lighting, covered, heated. An element that completes the overall composition.



Landscaping.

The garden must be the immediate link with the landscape, the first visual exterior plane, consult with our specialists to maintain the refined line of the architecture and to extrapolate serenity to the immediate surroundings.
